

### ASEAN+3 FETN NEWS

**Activity:** Exchange Activity: curriculum development (Myanmar FETP to Thailand FETP)

**Date:** 9-11 February 2015

**Venue:** FETP Thailand, Ministry of Public Health Thailand

**Description:**

ASEAN+3 FETN organized a study visit led by Dr. Htun Tin, Deputy director of Myanmar FETP, for Myanmar FETP officers to FETP Thailand under exchange of trainer and trainee category during Feb 2015. The main objective of five Myanmar FETP trainers' visit (2 supported by CGPP project and 3 by WHO Myanmar) was to discuss with Thai program and seek suggestions on curriculum development for their new 6 months course (extended from 2 months course). Myanmar team discussed with senior trainers and director of Thai program and observed the training activities of FETP Thailand. Recommendations, suggestions, lesson learned from Thai program's experience were noted by Myanmar team, and 2 programs agreed on further collaboration regarding program development.
