

ASEAN Plus 3 FETN Coordinating office conducted the kick-off meeting with UKHSA to discuss and find the possibility of setting the environmental epidemiology workshop for ASEAN Plus 3 FETN Member Countries on Monday, 24 April 2023, at 03:00 PM Bangkok time..

The screenshot shows a Zoom meeting interface. The main content is a timetable for a workshop. The timetable is as follows:

Timetable				
Monday 6 th Mar Identifying the problem	Tuesday 7 th Mar Assessing the problem	Wed 8 th Mar Assessing and communicating the problem	Thu 9 th Mar Analysing the problem	Friday 10 th Mar Interpreting and communicating the results
0900-0915 Coffee and registration			0900-0920 Coffee	
0915-0945 1. Course introduction	0920 to 0950 8. Governance arrangements for public health response and surveillance of chemical and environmental factors	0920 to 1100 13. Risk Communication (become familiar with agreed system + role playing)	0920 to 1010 17. Study design and analysis: air pollution	0920 to 0945 20. One Health
0945 to 1015 2. Overview of chemical preparedness	0950-1040 9. Toxicology – what the epidemiologist needs to know		1010 – 1100 18. Study design and analysis: contaminated drinking water	0950-1020 21. Climate health in zoonoses
1015 to 1100 3. Overview of environmental epidemiology				1020-1115 22. Environmental health indicators
1100 – 1120 Coffee break	1040 – 1100 Coffee break		1100 – 1120 Coffee break	
1120 to 1200 4. Environmental measurements (include mention of sample collection protocols)	1100 to 1200 10. Risk Assessment	1120 to 1240 14. Surveillance tools (including example of flooding)	1120 to 1220 19. Pb epidemiology and surveillance	1120 to 1220 23. GIS in chemical environmental factors in health
1200-1240 5. Exposure Assessment	+ Exercise on risk assessment			
		1240 – 1330 Lunch break		
1330 to 1500 6. Presentations of projects (experiences, ideas, plans) by participants (FETP students and teachers)	1330 to 1500 11. Assessing an environmental hazard in the field (gold mining)	1330 to 1500 15. Introduction to Arsenic case study	Afternoon Field visit	1330 to 1445 24. Completion of landfill case study (focused on data analysis)
			(field visit)	1445 to 1530 25. Student reflective

Participants visible in the Zoom grid include:

- Panithet Thai FETP DDC, MOPH
- Komichaluch Taweeseeneepitch AS...
- Thanawadee TH FETP
- Ahmed Razavi - UKHSA
- pasakorn sewi
- Joseph Pett

The Zoom interface at the bottom shows controls for Unmute, Stop Video, Security, Participants (7), Chat, Share Screen, Pause/Stop Recording, Breakout Rooms, Reactions, Apps, Whiteboards, and End.
